

Name _____

BIOLOGY AND THE BRAIN

Chapter 3 Vocabulary

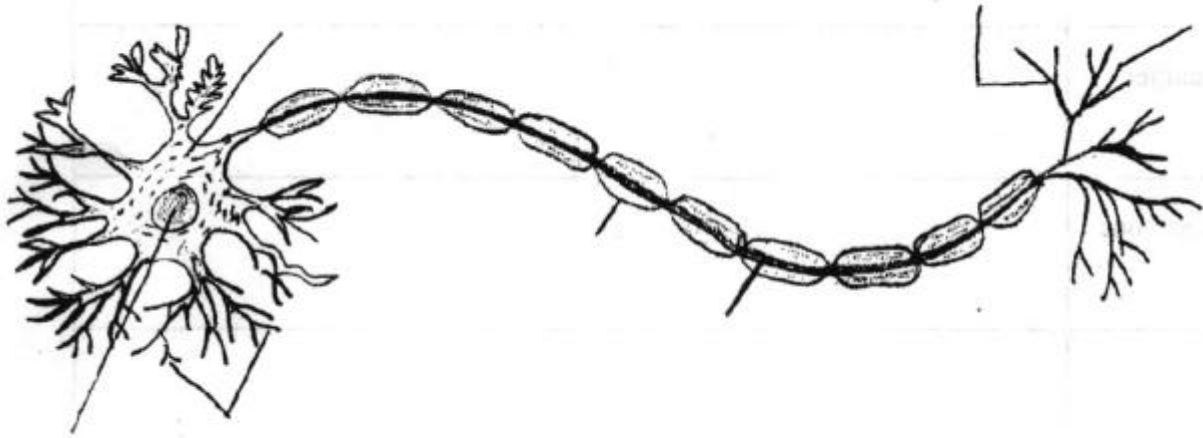

association area	
autonomic nervous system	
axon	
axon terminal	
cell body	
central nervous system	
cerebellum	
cerebral cortex	
cerebrum	

chromosome	
corpus callosum	
dendrite	
endocrine system	
gene	
heredity	
hormone	
hypothalamus	
limbic system	
medulla	

myelin	
neuron	
neurotransmitter	
peripheral nervous system	
pons	
reticular activating system	
somatic nervous system	
spinal cord	
synapse	
thalamus	

ANATOMY OF A NEURON

THE ENDOCRINE SYSTEM
